EDUCATION

B.Tech | Computer Science with specialization in Artificial Intelligence | Expected 2027
Institute of Engineering and Technology, Lucknow | CGPA: 9.37

Intermediate (CBSE) | Maharishi Vidya Mandir, Lucknow | 94% 2022

High School (CBSE) | Maharishi Vidya Mandir, Lucknow | 94.6% 2020

PROJECTS

IET LO-FO | (Full Stack Web Development)

- Developed a full-stack lost and found platform using HTML, CSS, JavaScript, and Django, enabling users to report and search lost items through a responsive interface.
- Integrated image-based listings with secure user contact details to improve item traceability and enhance recovery efficiency.

• **Tech Stack:** HTML, CSS, JavaScript, Python, Django

Project Link: [View on GitHub](#)

Spam Detection System | (Machine Learning)

- Developed an NLP-based spam detection model using TF-IDF for feature extraction and ML algorithms (Naive Bayes - MultinomialNB).
- Achieved 99% accuracy and 1.0 precision, ensuring highly reliable spam classification with minimal false positives.
- Containerized the model using Docker and deployed on Render for real-time predictions. ([Live Link](#))

• **Tech Stack:** NumPy, Pandas, NLP, Scikit-learn, TF-IDF, Docker, Render

Project Link: [View on GitHub](#)

ACHIEVEMENTS

Certification

- Completed a 1-month internship at CodeAlpha, gaining hands-on experience in Machine Learning and receiving a certificate of completion for successful project contribution.

Hackathon

- Participated in multiple hackathons including **Hack-O-Fiesta** (IIIT Lucknow, Apr 2024), **Smart India Hackathon** – SIH (Lucknow, Sep 2024), and **College Hackathon** (IET Lucknow, Jun 2024), contributing to problem-solving and rapid project development.

Competitive Programming

- GeeksforGeeks: [kunalkanaxvey](#) (College Rank 19 | 200+ Problem Solved)
- LeetCode: [Kunal Kanaujiya](#) (50-day batch completed | 150+ Problem solved)
- CodeChef: [KunalKanaujiya23](#) (Highest Rating 1219 | Active participant)

SKILLS

Programming Languages : Python , Java , SQL , C++ , C

Web Development : HTML , CSS , JavaScript , Django , Bootstrap

Machine Learning : NumPy , Pandas , Matplotlib , Seaborn , Scikit-learn , NLP

Tools : Git, GitHub, Jupyter Notebook

Soft Skills : Strong communication , Teamwork abilities , Excellent time management
